Offers of Admission for Ontario High School Students

Basic Requirements for Admission

The primary criterion for admission to OCAD University's studio based degree programs (BDes or BFA) is a portfolio assessment. All applicants will be scheduled for a portfolio assessment. Admission to our non-studio degree program (BA Honours) is based on a combination of academic requirements and supplemental application materials. A \$40 fee, payable in advance, is required to cover the cost of the portfolio reviews and/or supplemental application materials.

All offers of admission are conditional upon meeting the minimum academic requirements. Ontario high school students must successfully complete an Ontario Secondary School Diploma (OSSD), including the following:

- Six 4U/M courses with an overall final average of 70%
- 4U English (ENG4U) with a minimum final grade of 70%

If English is not your native language and you have not completed four full years of study in an English school system, you will be required to provide additional documentation of English proficiency. For more information, visit: www.ocadu.ca/prospective_students/admission_requirements/english_proficiency.htm.

Centennial College: See Where Experience Takes You

When Centennial College was founded as Ontario's first public college in 1966, it focused on preparing students for burgeoning new careers in business, communications and social services. Rapidly expanding public services such as recreation and child care needed new kinds of practitioners, and the college emphasized careers that were geared to the local economy. By contrast, today's Centennial College is an integral part of the global economy. With 7,000 international students enrolled at its Toronto campuses, Centennial has become a cosmopolitan learning destination that transcends borders and brings tangible benefits to all who learn here.

Learning should be visceral, imaginative, liberating and empowering. At Centennial, it is. Graduates are prepared to do meaningful work and lead meaningful lives. Students are given significant opportunities to engage, both locally and internationally. Volunteer experiences through our Global Citizenship and Equity Service Learning Experiences (GCELE) dispatch students to distant lands, including Peru, South Korea and Kenya, to perform service learning in rural and often remote communities. Our award-winning approach to teaching

The Government Piece: What is OSAP?

- The Ontario Student Assistance Program is a needs based loan and grant program, funded by both the federal and provincial government, which provides financial assistance to students to help them attend college or university.
- “Its purpose is to supplement, not to replace, the financial resources that you (and your family, if applicable) are expected to contribute.”
- Through **one** application (per academic year), you will be considered for non-repayable grants, as well as loans.

Why should you apply for OSAP?

OSAP: Ontario Student Assistance Program

You can get grants and loans to help you pay for university or college when you qualify for OSAP.

The OSAP Loan is an interest free loan as long as you are attending a post secondary institution full time (60% or greater)

Federal Interest Rate = Prime + 2.5

Provincial Interest Rate = Prime + 1.0

OSAP offers a grace period. OSAP loans are payment free for the first six months after you graduate. **The Ontario portion of OSAP loans are no longer interest free for six months after you graduate.**

Student Contribution

What you pay out of pocket

You are currently expected to contribute \$3,600 per school year to your education costs.

This amount is based on the amount a student can earn (after tax) while working over a summer. By working an average of 17 hours per week – at minimum wage, for 16 weeks – you will be able to make this contribution.

You can also put any existing savings toward the required contribution amount. Or, if you are working at a part-time job while in school, you can put the money you earn during the school year towards the contribution amount.
